- In 9 months 2023 the Group has reached net revenue of EUR 244m, which is by 3% less than in comparative period, mainly due to:
  - lower production volume
  - divestment of Amber Permalko in 2023.
  - slowdown in several key global markets (US, UK, Australia)
- Gross profit and operating profit ratios are impacted by macroeconomical and geopolitical changes, instability in energy resource prices, labor market changes, surge of inflation having full impact for 2023 and lesser in comparative period of 2022.
